Saginaw County Road Commission

April 29, 2014

For Immediate Release

Re: Saginaw County Road Commission Bridge Closures

To protect the traveling public, the Saginaw County Road Commission has closed Bueche Road over the Pattie Creek located between Fry Road and Townline Road in Albee Township on Monday, April 28, 2014. The Road Commission will also be closing Steel Road over the South Branch of the Bad River located between Gary Road and Baldwin Road in Chapin and Brady Townships.

A recent routine inspection of the bridges identified structural deficiencies which is the result of the closures. Both structures were previously posted with limited allowable weight limits of three tons; however deterioration has progressed to the point where safety of the structure and traffic can no longer be assured.

Motorists are advised to seek alternate routes.
