AVL- Frequently Asked Questions

1. Will the map refresh itself automatically?

Yes. The map window will refresh every 60 seconds.

2. I don't think I am seeing the most current information.

Your internet browser may be displaying cached data from an earlier time. Several things can be done to make sure the map is displaying the most current information available.

- Delete your internet browser's temporary internet files and then reload the map.
- Zoom in/out of the map to force a refresh.
- Pan the map to force a refresh.

3. My map is slow to load.

- The AVL site was developed for high speed internet connections.
- Maps will load slowly during times of high user volume or when large amounts of information need to be drawn on the map.

4. Where do I send comments/suggestions?

Send your comments/suggestions to scrcavl@scrc-mi.org.
